

After-School Program at San Tan Learning Center

By the World's Leading Fun Science Provider

Spark your child's imagination even when school is out!

Mad Science® offers fun, inquiry-based, hands-on, after-school programs that cover a wide range of science topics.

Your child will even go home with a take-home project!

Let your child see just how cool science can be!

DON'T DELAY... ENROLL TODAY!

These topics will be covered
in this session's classes:

- Ⓞ Acids & Bases
- Ⓞ Bugs
- Ⓞ Detective Science
- Ⓞ Kitchen Chemistry
- Ⓞ Mineral Mania
- Ⓞ Science of Toys
- Ⓞ Simple Machines
- Ⓞ Walloping Weather

Mad Science®
After-School Programs

- Ⓞ Meet national and state science curriculum standards.
- Ⓞ Are led by trained, qualified, and dynamic instructors.
- Ⓞ Follow professional lesson plans.
- Ⓞ Use unique equipment and original materials.
- Ⓞ Are age-appropriate and loved by children.

See the back page for complete class descriptions, dates and times available at your child's school!

You must register for our After School Program
through the San Tan school office!

Program Descriptions

Acids & Bases

Uncover the secrets of chemistry and the effects acids and bases. Learn to test for acid rain, make your own CO₂ fire extinguisher!

Bugs!

Students will explore the world's most abundant animal! Insect defenses and their role in our ecosystems will be explored in fun, hands-on activities that introduce children to these fascinating creatures!

Detective Science

Discover how science is used to solve real crimes! Watch as the classroom is transformed into a crime lab for this exciting exploration of the fundamentals of forensics. Children will even take home their very own Child Identification Kit. It's so much fun, it's criminal!

Simple Machines

Watch teams of elementary-age engineers working together with pulleys and levers. Children will have so much fun problem-solving, designing and testing just like real engineers, they'll forget that they're learning! Children will take home a cool Mad Science Machine they built themselves!

Walloping Weather

Discover how hurricanes, tornadoes, and thunderstorms develop, and how powerful they can be! Our junior meteorologists will be making more reliable forecasts than the local news. Just ask students to consult their personal UV detectors to check whether it's time to cover up!

Science of Toys

Children will discover the science behind some of their favorite toys in this fun-packed program! Children aren't the only ones with the energy to play, their toys are packed with it, too! This explains yo-yo tricks, the amazing "String Thing," and much more!

Kitchen Chemistry

What elements of chemistry are a part of our everyday lives? Students will perform hands on experiments to learn about the science that happens in the kitchen as they investigate fats, sugars, and starches.

Mineral Mania

Students will be introduced to geology and gain an understanding of the geological formation processes, classification systems, identification methods, and physical properties of rocks and minerals.

Our Mission

Mad Science® is on a mission to spark the imagination and curiosity of children by providing them with fun, interactive and educational programs that instill a clear understanding about science and how it affects their world.

Mad Science® Program Details & Policies...

Grades: Kindergarten - 5th

Dates: September 9 – November 18, 2011

Skip: 10/7, 10/14 & 11/11

Day: Fridays Duration: 8 weeks

Room: TBD

Time: 3:50 pm - 4:30 pm

Cost: \$99.00 per student

For fast and easy registration we encourage you to register through the school office.

Policies:

- ★ All materials are included in the one-time registration fee.
- ★ There are no refunds once the program has started **OR** for any child asked to leave the program due to behavior issues.
- ★ Students should be picked up no later than 5 minutes after class has ended.
- ★ No frowning, only lots of FUN & SMILES☺

Give Your Child

The Best Birthday Ever!

Mad Science birthday parties are held at your location and are filled with FUN!
